

Weekly Coaching Tips Based on Member Choice Topics
Process: The first member to post subjects they would like coaching on will be responded to. Members will participate by responding to my coaching comments and to each other. Example: do I need a website if so what's the best choice? Other members can participate and ask additional questions that pertain to the question posed in the beginning. This will take place at the day 1 of each month.

Please follow the rules of the group as posted. Keep in mind Biz Star Power is about empowering each other through support and positivity. We want to share things honestly but respectfully and in a way that that enlightens and encourages.:-)
